

MEDITERRANEAN MICROWAVE SYMPOSIUM

GENOVA, ITALY
SEPTEMBER 19-21, 2006

The VI edition of the Mediterranean Microwave Symposium will be held in Genova, Italy, on September 19-21, 2006. The symposium will provide an opportunity to exchange scientific results and current research progress in the area of electromagnetics, antennas and microwave theory and applications. The conference is organized by the Italian Electromagnetics Society (SIEM) and the University of Pavia. Technical sponsors include the European Microwave Association and the IEEE Microwave Theory and Techniques Society. For the first time, the Mediterranean Microwave Symposium will be held in conjunction with the Italian National Meeting on Electromagnetics (XVI RiNEm).

Authors are invited to consider, but are not limited to, the following topics:

- ::: Propagation, Scattering and Diffraction
- ::: Microwave and Millimeter-Wave Circuits
- ::: Photonics, Non Linear Optics and Devices
- ::: Microwave and Millimeter-Wave Devices CAD
- ::: RF and Wireless Technology and Applications
- ::: Passive Microwave Components and Technologies
- ::: Waves in Composite and Complex Media
- ::: Antenna Theory and Applications
- ::: Medical Applications, Biological Effects
and Bioelectromagnetic Modelling
- ::: Packaging, Integration and Testing
- ::: Electromagnetic Field Analysis
- ::: Inverse Scattering and Diagnostics
- ::: Electromagnetic Compatibility

ONE-PAGE ABSTRACT MUST BE RECEIVED BY FEBRUARY 28, 2006

The abstract must explain clearly the content and the relevance of the contribution. It should also include the complete mailing address, telephone, fax and e-mail of the corresponding author, as well as an indication of the topic of the paper. Please, use on-line submission on the web site <http://www.elettromagnetismo.it/conf/MMS2006> to submit your contribution. Authors of accepted papers will be notified by March 31 and they will be given instructions for the submission of a 4-pages full-length paper to be published in the conference Proceedings. One full pre-registration is required for the publication of the paper on the Proceedings. Full-paper and pre-registration fee are due by May 31, 2006. More information about the registration will be given on the web site: <http://www.elettromagnetismo.it/conf/MMS2006>.
