THE ANTENNA MEASUREMENT TECHNIQUES ASSOCIATION

The Antenna Measurement Techniques Association (AMTA) is a non-profit, international organization dedicated to the development and dissemination of theory, best practices and applications of antenna, radar signature and other electromagnetic measurement technologies. Visit www.amta.org for more information.

VENUE

The AMTA European Regional Event will be held in the Auditorium of the Partenope Conference Center, one of the Congress Centers of the University of Naples Federico II.

The Conference Center is located seafront, on the beautiful neapolitan promenade, in the monumental city center, close to high rated hotels and restaurants, and to the elegant shopping zone of Naples. The Conference Center is in front of Castel dell'Ovo, the castle on the small island of Megaride.

REGISTRATION FEES

Registration Form for AMTA Membership available on the AMTA website.

- » **AMTA Members** **free**
- » **AMTA Membership** **\$75**
- » **Graduating Students** **free**
- » **PhD Students** **\$25**

WORKSHOP BENEFITS

- High-quality invited speakers.
- The latest innovations in antenna and RCS measurements.
- Known leading companies related to antenna measurement products and services.
- Unrivalled scenic and historical context in and around Naples.
- Networking opportunities with leading experts.
- A technical tour on May 24 to the two companies Finmeccanica and MBDA.

ACCOMMODATION

Special agreements have been made with privileged rates at the following hotels:

- » Royal Continental. Website: <http://www.royalgroup.it/royalcontinental/en>. Agreed rates: double room single use € 129,00; double room single use seafront € 149,00; extra € 20,00 for double in both cases.

Reservation Office: Tel.: +39 081 7640666, Email: reception@santalucia.it.

The rates will be applied on request and subject to availability of the rooms. The Guest should indicate the AMTA European Regional Event May 23, 2016 on reservation.

TECHNICAL COMMITTEE

- **Amedeo Capozzoli**
Università di Napoli Federico II, Italian AMTA Node Chair
- **Francesco D'Agostino**
Università di Salerno, Italian AMTA Node Secretary
- **John Estrada**
Microwave Vision Group USA, AMTA BoD, Vice President
- **Lars Foged**
Microwave Vision Group
- **Dirk Heberling**
RWTH Aachen University, AMTA BoD, Technical Coordinator
- **Dennis Lewis**
The Boeing Company, AMTA BoD, Meeting Coordinator
- **Carlo Rizzo**
Asysol Antenna System Solutions
- **Manuel Sierra Castañer**
Universidad Politécnica de Madrid, AMTA European Liaison

POSTER SESSION

Abstract electronic submission is required. Submittal deadline: **May 10, 2016**.

For details on abstract submission, please refer to the website www.amtinode.unisa.it, where a template will be available. Questions may be referred to: amtinode@unisa.it. The proceedings will have an AMTA ISSN number.
